

CONSTRUCTION MATERIALS

1) Match the words with the pictures:

Glazed Units	Sand	Stone	Lime
Timber	Concrete Blocks	Brick	Gravel
Rubble	Ceramic Tiles	Pebbles	Steel Rods
Tarmac	Chipboard	Cladding	Cement

 <input type="text"/>	 <input type="text"/>	 <input type="text"/>	 <input type="text"/>
 <input type="text"/>	 <input type="text"/>	 <input type="text"/>	 <input type="text"/>
 <input type="text"/>	 <input type="text"/>	 <input type="text"/>	 <input type="text"/>
 <input type="text"/>	 <input type="text"/>	 <input type="text"/>	 <input type="text"/>

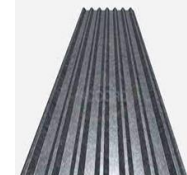

- 2) Which of the materials above could you use to describe the construction of this SEGRO logistics centre in The Netherlands?

- 3) Discussion:

- a) What is the SEGRO policy on the sourcing of construction materials? (Quality, origin, etc.)
- b) What challenges does the Company face in the supply and cost of materials?
- c) How does SEGRO ensure that it meets its own sustainability guidelines? (BREEAM, ESG)

Answers to Exercise 1

 <p>Sand</p>	 <p>Pebbles</p>	 <p>Brick</p>	 <p>Rubble</p>
 <p>Steel Rods</p>	 <p>Chipboard</p>	 <p>Ceramic Tiles</p>	 <p>Cladding</p>
 <p>Glazed Units</p>	 <p>Concrete Blocks</p>	 <p>Stone</p>	 <p>Lime</p>
 <p>Cement</p>	 <p>Timber</p>	 <p>Tarmac</p>	 <p>Gravel</p>
